Discover what Mekorma Payment Hub can do for you

STREAMLINED CHECK PRINTING

Easily print checks featuring secure, importable electronic signatures, customize MICR lines for each bank account and generate digital check archives for simplified audits and quick payment inquiries.

VENDOR VALIDATION

Automate TIN matching, OFAC screening, and vendor address validation right in your ERP

MULTI-ENTITY PROCESSING

Centralize and simplify operations if you're managing AP for multi-entity organizations

IMPLEMENTATION ASSISTANT

Cut your AP implementation time by 50%

ACTION BOARD

Save up to 75% of your AP team's time on payment day – select, process, and post from just one window

SIMPLIFY REPORTING

Generate remittance overflow reports that cover multiple invoices, eliminating wasted check stock. Save time and reduce manual effort by pre-configuring bank account details in your reports.

MINIMIZE RISK

Add layers of security and protect your business from fraud
